U.S. Forest Service Alaska Roadless Rule Committee:

I have visited Alaska 3 times in the last 20 years and we are planning our fourth visit for this summer. It is devastating to think of all the beautiful areas being infiltrated by more roads and more impacts of Tourism. Please work to protect these lands.

I am writing in support of the 'no action' alternative to leave the Roadless Rule unchanged in Alaska. I am concerned that changes to the rule would lead to greatly expand clear-cut logging of old growth timber and costly road building in undeveloped, wild areas of both the Tongass and Chugach Forests. These activities increase sedimentation, hurt water quality, often block salmon migration, and add to an already large backlog of needed road maintenance and restoration.

Our fisheries and wild forests are critical to the economy of Alaska. To grow these sectors of our economy, we need intact habitat. Please leave the Alaska Roadless Rule in place.

Sincerely,

Alicia Harck
