Title:

Comments: Dear Forest Service:

In accordance with 36 C.F.R. Part 218, I, [NAME], hereby object to the project described below.

Opportunity to Object, Plan Amendments for Pacific Connector Gas Pipeline on The Umpqua, Rogue River-Siskiyou, and Fremont-Winema National Forests.

PROJECT DESCRIPTION: The Forest Service proposes to approve 30.6 miles of the Pacific Connector Pipeline route across the National Forest System. This proposal includes approximately 591 acres of forests for the construction of the Pipeline Project and an additional 186 acres of permanent right of way. This decision would allow crossing of 10.8 miles on the Umpqua Nation Forest in Douglas County, 13.7 miles on the Rouge River Siskiyou National Forest in Jackson County, and 6 miles on the Fremont-Winema National Forest in Klamath County.

PROJECT LOCATION (Forest/District): Umpqua, Rogue River-Siskiyou, and Fremont-Winema National Forests, Douglas, Jackson, and Klamath Counties, Oregon.

More than once, I have expressed my concerns that this pipeline would have negative impacts on public lands by commenting through the FERC process. Again, I am trying to convey my concerns through an administrative objection to the Forest Service over its proposal to re-designate my public forest lands as a permanent give-away to a fossil fuel corporation.
