Comments: The area of Tonto NF starting at the intersection of Florence and Christopher Pt going north to Highway 260 and east have been abused by OHVs and motorcycles. this area is in close proximity to many residential communities such as Payson Pines. The trails are becoming eroded and washed out and the constant noise, dust, within 20 yards of residential homes on Christopher point deprives property owners of privacy and peace and quiet. Pleas place this area closed to OHVs by posting signs and fencing along Florence and all trails on highway 260.
