First name: Ryan

Last name: Scott

Organization: Bull Mountain Lodge Wedding & Events Venue

Title: Owner

Comments: Greetings,

My name is Ryan Scott & I own approximately 30 acres on Ridgeway Drive (off FS 28-1). I own and operate a fairly successful wedding and events venue on the property. Thousands of people visit our venue each year mainly because of its location is basically in the middle of the National Forest. To have bulldozers, logging trucks, etc. will most likely put me out of business. I took a major risk 5 years ago to make this venue a reality with hopes that I'd be able to pass it along to my kids one day. And now it seems this project has put everything in jeopardy. Not to mention, the dozen or so private homes in the same area are going to have to deal with muddy roads, etc. Also, please consider the thousands that utilize the bike and horse trails each year. There is plenty of forest to do this project that are far less utilized. Please consider taking this project to an area that won't affect private property owners, vacationers, etc. PLEASE CONTACT ME.
