Comments: Susan Demigliosuseekay@gmail.com12/2/2019Please do not destroy our wildlife areas by parsing them out to oul companies. Theybelong to the wildlife that live there and to current and future Anericans, NOT to bigcorporations and millionaires. I do NOT believe that there will be a time of regret forkeeping these lands out of greedy business people, but it is easy to conceive you wouldregret and wish to undo any sale of these public lands which will quickly be ruined,never to be home to forest species and never to clean our air, or to give humans aplace of solitude and peace.
