Comments: Susan Demigliosuseekay@gmail.com12/2/2019Please do not destroy our wildlife areas by parsing them out to owl companies. They belong to the wildlife that live there and to current and future Americans, NOT to big corporations and millionaires. I do NOT believe that there will be a time of regret for keeping these lands out of greedy business people, but it is easy to conceive you would regret and wish to undo any sale of these public lands which will quickly be ruined, never to be home to forest species and never to clean our air, or to give humans a place of solitude and peace.
