Title:

Comments: As an avid outdoorsmen, I have been keeping a close eye on the Foothills Landscape Project. I enjoy fishing and mountain biking in many of the areas affected by this project, and have loved having these areas to access for outdoor recreation. I feel that transparency is necessary here, and that locations of logging, burning, and herbicide use should be given to the public. It is difficult to imagine these areas being unusable or destroyed for the next twenty years.

Thank You
