Dear U.S. Forest Service,

CC: Alaska Congressional Delegation and Federal Administration

I support the no-action alternative to leave the 2001 Roadless Rule in place on the Tongass National Forest. We must continue to phase out old-growth clear-cut logging and instead prioritize restoring degraded watersheds and fish streams that contribute to the growing fisheries and tourism-based economies of Southeast. To that end, please conserve the *Tongass 77* and *TNC priority areas* in the final Roadless Rule.

All salmon habitat! All Tongass!

Sincerely,

No compromise, no quid pro quo. Protect *All* of Tongass from the exemption.

☐ I would like to get more involved in the campaign!

**By taking this action, you are consenting to receive future communications via phone, text message, email, or mail from Sitka Conservation Society and its partners working to protect the Tongass. ** [Text italicized for emphasis]
