Dear U.S. Forest Service,

CC: Alaska Congressional Delegation and Federal Administration

I support the no-action alternative to leave the 2001 Roadless Rule in place on the Tongass National Forest. We must continue to phase out old-growth clear-cut logging and instead prioritize restoring degraded watersheds and fish streams that contribute to the growing fisheries and tourism-based economies of Southeast. To that end, please conserve the Tongass 77 and TNC priority areas in the final Roadless Rule.

Sincerely,

We walk around Ward Lake and the surrounding area often. When we are out in a boat, we love to see the untouched, pristine wilderness, habitat loss is going to destroy the species that we currently take for granted, here.

[Box unchecked] I would like to get more involved in the campaign!
