U.S. Forest Service Alaska Roadless Rule Committee:

My name is Tobias Moore and I live in Salem Oregon. Please continue to protect the Tongass National Forest in its current state. I plan to visit it one day soon but if it is developed and exploited for its natural resources it will be ruined for all time and future generations will be robbed of it as well. Please be mindful that unto ourselves alone are we born.

The Roadless Rule has been instrumental in conserving the Tongass National Forest and in supporting its fish and wildlife-based industries for almost 20 years. Please uphold the Rule's protections for important fish and wildlife areas, including the Tongass 77. Roadless areas are an important source of food, jobs, and income through commercial, subsistence, and recreational fishing. Salmon are part of Alaska's culture and we must protect them and their spawning streams. Please do not roll back roadless area protections for habitat that our irreplaceable fish and wildlife populations need to survive.

Sincerely,

Tobias Moore

Salem, OR 97301
