U.S. Forest Service Alaska Roadless Rule Committee:

whenn i retire, I'm hoping that all of the natural beauty of these places that are under the roadless rules are still intact as they are now. i want to stay in the U.S. and discover all the unique places that are in our great country. Please leave the tongass and other forests the way they are. Thsnk you rich coradi.

I am writing in support of the 'no action' alternative to leave the Roadless Rule unchanged in Alaska. I am concerned that changes to the rule would lead to greatly expand clear-cut logging of old growth timber and costly road building in undeveloped, wild areas of both the Tongass and Chugach Forests. These activities increase sedimentation, hurt water quality, often block salmon migration, and add to an already large backlog of needed road maintenance and restoration.

Our fisheries and wild forests are critical to the economy of Alaska. To grow these sectors of our economy, we need intact habitat. Please leave the Alaska Roadless Rule in place.

Sincerely,

richard coradi
