U.S. Forest Service Alaska Roadless Rule Committee:

As a fisherman who has enjoyed catching enormous rainbows as well as Dolly Varden in Alaska's beautiful waters (and hooking though not landing a king salmon) I beg you to NOT allow anything which reduces Alaska's forests and waters!

I am writing in support of the 'no action' alternative to leave the Roadless Rule unchanged in Alaska. I am concerned that changes to the rule would lead to greatly expand clear-cut logging of old growth timber and costly road building in undeveloped, wild areas of both the Tongass and Chugach Forests. These activities increase sedimentation, hurt water quality, often block salmon migration, and add to an already large backlog of needed road maintenance and restoration.

Our fisheries and wild forests are critical to the economy of Alaska. To grow these sectors of our economy, we need intact habitat. Please leave the Alaska Roadless Rule in place.

Sincerely,

Herb Daugherty
