Dear U.S. Forest Service,

CC: Alaska Congressional Delegation and Federal Administration

I support the no-action alternative to leave the 2001 Roadless Rule in place on the Tongass National Forest. We must continue to phase out old-growth clear-cut logging and instead prioritize restoring degraded watersheds and fish streams that contribute to the growing fisheries and tourism-based economies of Southeast. To that end, please conserve the Tongass 77 and TNC priority areas in the final Roadless Rule.

Sincerely,

Jeff W. Robinson

Please leave the 2001 Roadless Rule in place for the reasons stated above. It is crucial to prioritize the restoration of watersheds and fish streams of southeast Alaska for the overall health of this unique environment.

[Box checked] I would like to get more involved in the campaign!
