Dear U.S. Forest Service,

CC: Alaska Congressional Delegation and Federal Administration

I support the no-action alternative to leave the 2001 Roadless Rule in place on the Tongass National Forest. We must continue to phase out old-growth clear-cut logging and instead prioritize restoring degraded watersheds and fish streams that contribute to the growing fisheries and tourism-based economies of Southeast. To that end, please conserve the Tongass 77 and TNC priority areas in the final Roadless Rule.

Sincerely,

Leslie C. Snodderly

This beautiful forest must be preserved - it's been here longer than any of us have and needs to be respected so future generations have forests to walk in there to climb, and beauty appreciate.

[Box checked] I would like to get more involved in the campaign!
