Dear U.S. Forest Service,

CC: Alaska Congressional Delegation and Federal Administration

I support the no-action alternative to leave the 2001 Roadless Rule in place on the Tongass National Forest. We must continue to phase out old-growth clear-cut logging and instead prioritize restoring degraded watersheds and fish streams that contribute to the growing fisheries and tourism-based economies of Southeast. To that end, please conserve the Tongass 77 and TNC priority areas in the final Roadless Rule.

Sincerely,

Breanna Walker

I value the Tongass because it is our backyard in Southeast Alaska and keeping the roadless rule in tact is very important for our way of life in Southeast. Keep Roadless!

[Box checked] I would like to get more involved in the campaign!
