Dear U.S. Forest Service,

CC: Alaska Congressional Delegation and Federal Administration

I support the no-action alternative to leave the 2001 Roadless Rule in place on the Tongass National Forest. We must continue to phase out old-growth clear-cut logging and instead prioritize restoring degraded watersheds and fish streams that contribute to the growing fisheries and tourism-based economies of Southeast. To that end, please conserve the Tongass 77 and TNC priority areas in the final Roadless Rule.

Sincerely,

Dennis Rogers

The public comments for a change of the Alaska Roadless *clearly* [Text underlined for emphasis] are not in favor of *ANY* [Text underlined for emphasis] change. Our federal + state agencies and representatives need to act on behalf of the public.

I am adamantly opposed to any revision of the Roadless Rule as applied to Alaska.

[Box checked] I would like to get more involved in the campaign!
