Comments: Fees in Wilderness Areas

Here is my 2 cents feedback on this fee. As an example I like to fish Cincha Lake which is accessed from the Duffy Lake trail. If I am restricted I will just park somewhere else like Maxwell Butte snowpark and just hike crosscountry. If more people have the same idea that just moves the problem of parking, trash, human poop, etc to another area. That seems to make the problem worse. No one likes change but this seems to be an idea that most people won't do and enforcement would be a problem.
