Comments: Fwd: National Forest Trail fees

Subject: National Forest Trail fees

?Bad idea.

Why should we the people pay to access something we already own?....or am I missing something.....the Forest Service owns the forest?

This is a perfect example of big government overreaching again and a good way to start an outcry.

Again Bad idea

John

Bend Oregon

PS

If you think this is a good idea, put it on the Nov. ballot and let the real owners decide

Thank you for you consideration
