Comments: Fees for Wilderness Use

Please secure money from the general budget for Wilderness use. I have used the Mt. Jefferson Wilderness area, particularly the Eight Lakes Basin since I was a boy. Many of my trips are made on a whim last minute where I throw my gear together and go. Please don't further commercialize and provide enforcement for an experience that is supposed to be free from such hassles.

Furthermore, I have a large family (7) children. At times, your proposed fees would have been cost prohibitive to me taking my children up with me. No fees please!

Dan Lounsbury
