Comments: Fees for Wilderness Areas

Charging usage fees for the wilderness areas makes good sense. As more and more people search for outdoor recreation the habitat suffers. In the 70 years of my life I have seen both plants and animals disturbed, harassed, and destroyed. Many humans have do not even realize the impact they have on the wilderness.

By charging fees to enter wilderness areas humans might think about their impact on the wilderness. Maybe they might even clean up their messes so that fees do not go higher to cover the cost of human damage.

I say Yes to fees.

Sincerely,

Linda Partridge
