Comments: email in support of a rec fee

I live in Bend and am emailing to give support to a recreation fee program in the areas being considered. Unfortunately, thanks to aggressive advertising of this area and thanks to social media, these trails are being not only "loved to death," but also mistreated. I believe a reasonable fee, such as those being considered, will help people be more aware of how valuable these trails are as a long-term resource.

After hearing speakers at my Southern Crossing Neighborhood Association meeting, I am very clear on why these fees are needed. It's a shame, but it's a necessity now. I'm hopeful these fees will help protect these trails for future generations to come.

Sincerely,

Deby DeWeese
Bend, OR
