Comments: You must say no to Pembina. The forest removal and pipeline construction violate so many provisions of the Forest Service's management plan. You are obligated to the citizens of this state to protect our lands. The fact that this pipeline violate so many provisions, she tell you how serious the devastation of this pipeline will be to our Oregon. Your Allegiance is owed to the citizens of this state. Not to a Canadian Corporation who wants to profit from raping Our Land. The devastation to humans animals and habitats is unthinkable. The safety records of these Pipelines chose how devastating the effects of a leak, fires, and accidents are. You must say no to changing the classification of these Forest lands. They must not be exempt. please do your duty to the state and protect our
