First name: Serena
Last name: Bass
Organization: Squatch and Siren adventure guides
Title: Adventure Guide / Owner
Comments: Good Morning,

My name is Serena Bass and I have been padding the Wothlacoochere for many years now, enjoying all of its abundant wildlife. When I read about the plans to allow logging and temporary roads, this broke my heart because I know the damage that these temporary roads and logging create will not be temporary for the wildlife.

This environmentally sensitive area will take years and years to rebuild itself and I do not believe the pros outweigh the cons here.

Thank you for taking the time to read our letter.
Have a great day!

Sincerely
-Serena (owner of Squatch and Siren adventure guides)
