Comments: To whom it may concern,

I vehemently disagree with this proposal. As a member of the public and a taxpayer, I should have input into any project on public use lands.

I understand the need to manage the forests but we do not need to devastate the land to manage it.

What is the purpose of this project? Why such destruction for this project.

We as taxpayers have a right to have a say in what takes place in our PUBLIC lands that have been set aside for the enjoyment of the public.

Sincerely,

Teresa Crawford
