Last name: Dyer

Organization:

Title:

Comments: The Foothills Landscape Project is in my backyard. If the projects and locations can not be spelled out, offered for sufficient public comment and objection heard before hand then DO NOT GO FORWARD. This project affects me, my family, my neighbors, our property values, resale successes, our health, and many other aspects of our North Georgia quality of life. We EXPECT transparency, itemized information, dates, and sufficient review time about the project impacts. Respectfully Larry J. Dyer
