Comments: Valle Seco 2019 land exchange

This letter is a follow up to a letter sent to you by Tom Butler regading the above land exchange proposal. I have been a resident and landowner in the Blue Mountain Ranches area for over 30 years. Am familiar with FS road 660a and the open spaces it services. A locked gate at the entrance to the road off of Castle Creek Road would truly limit access to well known public areas. This is not in the best interest of those trying to use open public space. I therefore do not see why this land swap in even being considered.
