Comments: I am completely furious about this notion of destroying this beautiful portion of the state. I am new to the state and had the privilege of trail riding at Willis Knob this summer. The drive there and the beauties of the trails and the trees was such a pleasant surprise. I grew up in Idaho, lived in Michigan, and CT. All beautiful places, so I was thrilled when I saw what Georgias forests have to offer. Why on earth would this mass annihilation happen ? You can't tell me that this is taking care of the earth. Let alone financially hurt the state tourism industry. Lets keep GA beautiful, do not scar her.
