Comments: I am completely furious about this notion of destroying this beautiful portion of the state. I am new to the state and had the privilege of trail riding at Willis Knob this summer. The drive there and the beauties of the trails and the trees was such a pleasant surprise. I grew up in Idaho, lived in Michigan, and CT. All beautiful places, so I was thrilled when I saw what Georgias forests have to offer. Why on earth would this mass annihilation happen? You can't tell me that this is taking care of the earth. Let alone financially hurt the state tourism industry. Lets keep GA beautiful, do not scar her.
