Organization: Florida Trail Riders

Title: President

Comments: Thank you for allowing the off road community to participate and have a voice. Florida Trail Riders is concerned with the closing and limitation of riding areas in the Tibbs, Tatum Lead and Milma Creek ATV trails and the rerouting proposal on Oakey Mountain OHV system in the Suches Ga. Representing the OHV community, we feel that there has to be equal rights and restricting us from enjoying the public's forest and squeezing us into much smaller areas with restrictions is not the best or fairest solution.

Thank you,

Randy Faul
