Title:

Comments: hello,

I have grown up among the beautiful forests and riverside trails of the Chattahoochee National Forest. For my community in metro Atlanta, this park is a huge source of pride and local identity. The proposed Foothills Project includes commercial logging for over 60,000 acres of this park, which means the decimation of 60000 ACRES of precious homes for so many local creatures (who have already lost so much of their habitats to GDOT and other development) and of Georgia children, families, and communities.

YOU HAVE THE POWER TO PROTECT THESE SACRED AND IRREPLACEABLE FORESTS. PLEASE
CHOOSE LIFE, CONSERVATION, AND PRESERVING OUR LOCAL ECOSYSTEM!!!

Do not proceed with the foothills project as is currently proposed.
