Comments: As a 7th generation Georgian, I feel that the Georgia Mountain Treasures area is special. My family frequently travels to North Georgia for hiking and enjoying the outdoors. As we have all heard, enjoying the outdoors is an extremely beneficial health benefit and is also low cost.

Regarding the Foothills Landscape Project, please do not use any herbicide in our roadless areas. Please do not have harvest the trees in our roadless areas. The environmental impact is not worth it.

Thanks for your time in reading this request.
