Comments: I am so saddened this could happen. My wife and I own 5 acres in Ellijay and use these forest service roads and good bit. We bought this land because of the access it gives us to the forest service roads. To think this would be shut down???? How is this possible. We actually were speaking to a builder about building a cabin. I guess we will sit back and wait now. If we don't have access it doesn't make much sense to build a cabin.

I sure hope these don't get shut down. Makes me said thinking about it.

Wish you and your families the best and thanks.

Jeff
