Comments: Dear Supervisor Jewett:

I am very concerned about the Foothills Landscape Project and what it will do to our beautiful, pristine forest land. My husband and I moved here in 2011 from coastal Georgia, where logging activities destroyed our surrounding landscape and peace of mind. As an herbalist, I am aware of the dangers of herbicides; as a nature empath, I am very saddened to think about what will happen to the wildlife.

We cannot cut, burn or spray our way to a healthy forest. Please re-consider your plans and hold public forums to discuss site-specific alternatives.

Thank you,
Carol Addington
