Comments: I have enjoyed the use of the Wild and Scenic Chattooga River Corridor, DeSoto Falls, Warwoman Dell, Dicks Creek, and portions of the Bartram and Pinhoti Trails for all of my adult life. I appreciate the management of the forest by the USFS. I advocate for greater public involvement in forest management and would like to see greater access for mountain bikes in this forest as well. terms: biking hiking fishing canoeing touring cycling gravel roads ohv ecotourism tourism sustainable
