Comments: This is CORRUPT!!!!!! It's unacceptable for you to propose these changes without specifics about where the proposed logging of 60,000 acres would occur, where the rerouting of 111 miles of trails, prescribed burning on 50,000 acres, herbicides, etc. would occur WITH ENVIRONMENTAL IMPACT STATEMENTS FOR EACH AND EVERY PROPOSED ASPECT OF THIS PROJECT!!!! WHERE IS YOUR DUE DILIGENCE???

Who is the for-profit logging corporation that is pushing for this? PLEASE MAKE PUBLIC WHICH LOGGING CORPORATIONS ARE LOBBYING FOR THIS!!! It is UNBELIEVABLE THAT YOU WANT TO LOG AND CLEAR FORESTS IN THIS TIME OF CRISIS CLIMATE CHANGE--AND THAT YOU WANT TO DO IT IN A NATIONAL FOREST!!! I absolutely oppose this project!!! As we speak, the Amazon and Australia are burning. We have lost massive amounts of forest on this planet already. In the Amazon a lot of it is illegal logging. In the U.S. we have lost massive amounts of birds and are in a species extinction crisis. Building new roads--temporary or not--will destroy species' habitats. Moving trails will also destroy other species and wildlife habitats. YOU HAVE LOST YOUR MINDS!!! Do you want a planet for your grandchildren to live on???? DO YOU?????

Every 5 minutes there is some other corporate greed-driven project that we are fighting and it's UNACCEPTABLE!!!! IF YOU DON'T WANT TO SERVE THE PUBLIC INTEREST AND YOU DON'T WANT TO CARE ABOUT THIS PLANET AND THE PEOPLE ON IT--THEN RESIGN!!!!!!!! PLEASE!!!! THIS IS SUCH GREED-DRIVEN CORRUPTION! IT'S TRULY DISGUSTING! PLEASE MAKE PUBLIC THE NAMES OF THE PEOPLE WHO HAVE PROPOSED AND SUPPORTED THIS PROJECT ON YOUR WEBSITE SO THAT WE CAN FILE SPECIFIC PERSONAL COMPLAINTS AGAINST THEM. Sincerely, Reverend Doctor Susan M. Perz, Ph.D.
