Comments: Hi,
Please keep the trails open for multi-use and mountain biking. I lived in Atlanta for 14 years before moving to Colorado and I still go back to visit and mountain bike. Bull/Jake are some of the best mountain biking trails in the southeast and comparable to some of the epic trails here in Colorado. Of all the times I rode those 2 loops, i only encountered horses once. In CO, you will find that hikers, equestrians, and bikers can coexist on trails and often times the trails are maintained and supported by a MTB organization. I know the USFS can come up with a better solution than this proposal. Lets see it.
