Title:

Comments: [PLEASE WRITE YOUR COMMENT HERE]As a backpacker, cross country skier and rafter, I support the following:

1. do not open any additional areas in the great burn area north of the Lochsa river to snowmobiling.
2. Please move forward with formally designating the Mallard Larkins area as a wilderness area.
3. Please recommend that Meadow Creek area become a wilderness area.

I moved to Idaho more than 30 years ago in large part because of the wilderness areas that Idaho protects. It is a legacy for future generations.

Regards,

Bill Thomson
