Comments: I am opposed to the Foothills Landscape Project #52509. According to an article I read - "the Forest Service does not know the locations of areas it will log, burn, build roads, or change recreation access but proposes to figure that out later" NEVER will I vote yes for something that vague. Figure out what exactly it is you want to do, see public input and it MAY occur but without that knowledge there is NO way I would ever vote yes on this.
