Comments: I am thoroughly against any actions that may be made in the future by this or ANY government agencies without public oversight!! These are PUBLIC LANDS, and as such, the PUBLIC has the RIGHT to voice their input and opinions for and against any actions taken upon these public lands that OUR TAX DOLLARS support. Remember, YOU work for US!! WE pay YOUR salaries!! As such, to even CONSIDER taking actions without our input is unconscionable!! It goes against the very principal of a government OF THE PEOPLE!!! I vote NO to allowing the Forestry Service a carte blanche to do as they wish.
