Title:

Comments: This project is not legal. I believe a lawsuit will follow for a multitude of reasons..

These were two reasons sent to me that this plan is in violation:

1) The Foothills Project draft Environmental Assessment violates provisions of the National Environmental Policy Act (NEPA) by not providing the public with site-specific information about where proposed timber harvesting, burning and herbicide treatments would occur, as well as many other proposed actions including temporary road construction, trail construction and trail rerouting.

2) The Foothills Project violates NEPA by denying public participation opportunities guaranteed by law for the duration of the project, which could be 10-15 years or more.
