Title:

Comments: This project is not legal. I believe a lawsuit will follow for a multitude of reasons..

These were two reasons sent to me that this plan is in violation:

- 1) The Foothills Project draft Environmental Assessment violates provisions of the National Environmental Policy Act (NEPA) by not providing the public with site-specific information about where proposed timber harvesting, burning and herbicide treatments would occur, as well as many other proposed actions including temporary road construction, trail construction and trail rerouting.
- 2) The Foothills Project violates NEPA by denying public participation opportunities guaranteed by law for the duration of the project, which could be 10-15 years or more.
