First name: Chadwick (Chad)

Last name: Hagan

Organization: Hagan Family Foundation & Hagan Capital Group

Title: Mr.

Comments: I do not feel as if there should be additional industrial development and or any development that is not regenerative. By regenerative I mean to be totally focused on conserving the existing environment and their natural habitats; by protecting wildlife species and their habitats; and by limiting development which would release carbon or emissions of any type or cause destruction to the ecological system.
