Comments: To who it may concern,

Hello my name is Jeff, I was raised in these mountains.

I've lived here all of my 27 years and have enjoyed many nights and days camping and hunting in these woods.

There are many things that need be said. I'm no politician and never strove to be one, but this is wrong. I'm going to raise my kids in these Mountains and yall are talking about deforesting land the size of atlanta! It happens in south America every day and I'm not just going to stand aruound while it happens in my back yard. My vote is no. Contact me if I can in any way help to stop this "landscape project."
