Comments: Cancel the Valle Seco Land Exchange

Dear Becca Smith,

You should cancel the proposed Valle Seco Land Exchange. It's a bad deal for taxpayers and for winderness values.

I object to the disposal of wilderness-quality roadless lands right next to the South San Juan Wilderness. And I'm opposed to any loss of public access to the San Juan River - or loss of protections for what's been formally recommended as a wild and scenic river.

Sincerely,

James Swaney
