Title:

Comments: Please protect the Wild Burn area Hoodoo ridge needs to have a barrier to prevent damage on centennial trail.

250, 255 , 500 all internal roads should be the border.

Toboggan Ridge should be protected.

Kelly Creek and Upper Clearwater and South Fork Clearwater should be wild and scenic rivers.

Meadow Creek should be a wild and scenic river. Maybe even make that whole area a Wilderness area. To prevent further damage.
