Title:

Comments: I am writing to give my full support to the proposed East Ridge expansion of Sunlight Mountain Resort. USFS should approve the proposed expansion for the following reasons: 1) Sunlight has operated responsibly since first permitted 1966. 2) The expansion represents an improvement that will help make the operation viable in the future. 3) County improvements to Fourmile Road support public safety if the expansion increases traffic. For these reasons, I support the East Ridge expansion.
