Subject: Fracking

Mr. Potts:

Just writing to let you know that I am against the fracking that you want to do in Sam Houston National Park and on Lake Conroe.

That you would do this without notifying everyone is disgraceful. Just another trick to pull over the public.

Please vote against this. I live on Lake Conroe and to disturb the beauty of the lake and forest is unthinkable!!!!

Think twice about the future and beauty of the area that you want to destroy!!

Thank you.

Marie Hentges
