Comments: I currently live in Nevada. I travel at least 700 miles to Hoodoo area to ride snowmobiles. I grew up in Superior, MT and enjoyed riding Hoodoo as a child. It's been a family tradition for many years and I hope to get to carry on this tradition with my Grandson. So please, please don't close these areas to snowmobiling. I would like to see the Y or Z Alternatives prevail. This area is very dear to me and I travel there at least 5 times per year just in the winter. I visit there many times in the summer with my family, also.
