Comments: In regards to the Nez Perce-Clearwater Forest Plan: Our family live's in Idaho because of the great recreational opportunity that this area represents. To propose areas with the word wilderness scares us. Once these areas have that designation it is lost to the majority of Idaho population forever. We are not against protection but the fewer areas accessible just crams more people onto a smaller section and puts more stress on the lands. Your Alternative X seems more in line with our way of life and most of the people we know in Idaho. Thank you for this opportunity to comment on the lands that the people of Idaho really do love and care about.
