Title:

Comments: I am a nearby landowner with property in Spring Creek Canyon. I applaud the efforts to get on top of this problem before it's too late. I cannot attend the February 10 meeting, but I would like to urge that this project move forward as soon as possible. I lost one tree last year to MPB and I know how quickly isolated infestations can turn into an I-70 type disaster. Please let me know if I can be of any help.
